2. The barracks are situated in the woods about 2 km west of Tapolca on the north side of the Tapolca - Keszthely highway, opposite the airfield. The length of the barracks along the highway is about 500 m., its depth within the woods could not be ascertained. The barracks are surrounded by a barbed wire fence. There are two entrances, one on the southeast side and one on the west. At the western entrance two sentries were seen, one with red collar patches, the other with green. 25X1
3. In the barracks soldiers with green as well as red collar patches were seen. The soldiers with green collar patches were green overboots with zippers, made of a material similar to nylon. The soldiers with red collar patches were mostly seen in the west part of the barracks where the garages were located. During the time of observation about 12 trucks were seen entering and leaving the barracks. 25X1
